COMPLETE:**  
2004

**SCOPE OF WORK**

Design and Administer Construction of \$3.5 Million MEP Systems for New Early Childhood Center.

**PROJECT DESCRIPTION**

A&J is currently supporting MRM Architecture in completion of design objectives for the Garfield Board of Education's New 49,000 gsf Early Childhood Center. Construction is currently underway and A&J is working closely with the on-site contractors to administer the MEP portion of the work. A&J is responsible for \$3.5 million in construction value for this \$9 million project.

The design work includes site utilities, electrical distribution, and lighting, emergency generator, fire alarm and suppression, and general plumbing systems.

The team was recently assigned to design New Technology Systems for the Garfield School System for the same Client.
