SCOPE OF WORK

Design and Construction Administration Services for MEP.

PROJECT DESCRIPTION

Project involves converting Heating Plant operation from # 6 Fuel Oil to #2 Fuel Oil as well as upgrading Pneumatic and Heating Control Systems. MEP upgrade includes replacement of (3) 231HP Oil Fired Burners, Fuel Oil Delivery Equipment and piping, and Boiler Feed Equipment.

A&J Consulting Engineering Services, P.C. (A&J Consulting) was retained by New York City School Construction Authority (NYC SCA) to provide design documents and Construction Administration services for this project. Construction Administration services provided for this project include surveying site conditions, attending meetings and generating meeting minutes, respond to RFI's, issue Bulletins, review shop drawings, and amend design documents with Facility Inspection Division (FID).
